

DELO Tractor Restoration

Tractor Restoration is a team effort contest centered around the Ag Mech area of agriculture.

The competition includes:

Disassembly of a tractor

Identification of parts that must be replaced

Reassembly of tractor

Keeping a recordbook

Tractor Restoration is a great competition for those who value hard work and are interested in working with their hands.

NorthWood FFA is very proud of our Tractor Restoration teams and their history of success. We are excited to see what the future holds.
